Dear Mr McMullen

We were delighted to receive your latest donation of £159.50 which the team and community at The Bullfinch in Riverhead have helped to raise. Thank you very much for your continued support.

You are helping to support over 2600 people a year through the range of hospice services that we provide – in our in-patient ward, our outreach service, our Living Well service, through counselling and support and our Children's Service. We know from the feedback that we receive that the impact of what we offer is immense and can change the experience of families at a very difficult time, allowing loved ones to spend time together in comfortable surroundings with expert care and support.

We are very grateful for your donations.

Yours sincerely

Carolyn Steer
Trusts Fundraising Manager
